## Report of Hame Shop Committee

For the Year Ending Feb. 15, 1916

### Receipts

#### RENTALS

Charles Howe, storage	\$1 00
Y. M. C. A. boys, office 10 nights	5 00
H. B. Sawyer, storage	5 00
E. H. Sargent, scales to Feb. 1	26 75
Collected by the selectmen:	
Stanley E. Osborne, rent of office two months	12 50
George E. Barker, rent to Apr. 1	13 00

### Expenses

Paid selectmen, to balance	\$37 75
----------------------------	---------

After more than a year's experience in connection with the Hame Shop property, your committee wish to offer the following suggestions:

1. That the town sell as soon as advisable, by private sale or public auction, all buildings and land not required for town use. The main reasons for such action are, in our opinion, as follows:

- (a) To stop the expense of repairs.
- (b) To stop any expense of supervision.

(c) To get personal interest in and private ownership of, we believe would cause such buildings thus owned to be put into active operation if only on a small scale.

(d) Buildings and land thus sold would eventually, if not at once, bring in their share of the taxes.

2. That the town cooperate with the Village Improvement Society and put the office building in shape to be used as a Public Library, reserving such land around said building as the selectmen think best.

3. That the highway leading from Post Office Square to the Lake be straightened and made wider at points abutting the Hame Shop property, and the necessary land be taken for the same.

4. That the town retain the storehouse on East Main Street for town use.

5. That the town discontinue the office of the Hame Shop Committee and place in the hands of the selectmen all care and supervision of said property.

From our endeavor to locate new industries in Sunapee, we have discovered the following:

1. That all parties that we became at all familiar with who would consider moving to our town would do so only on condition of financial aid.

2. That towns wishing to obtain new industries are willing to offer inducements, and if we are to compete with such towns we must do as well, if not better.

In conclusion, we would like to express our opinion that the best kind of business any town can have are those established by its own citizens, men that have the interest of the town at heart as well as for personal gain.

We would recommend that the town give preference to any such men.

Respectfully submitted,

ERNEST P. BARTLETT,  
M. F. KNOWLTON,  
W. F. GALUCIA,

Committee.

## Engineers' Report of Fire Department

---

We hereby submit our annual report of the Fire Department for the year ending February 1916.

It is with pleasure that we are able to report that there has not been any large loss by fire the past year, only three alarms, and the total damage amounted to about \$25.00.

The apparatus and other property of the Department owned by the town is in good condition, except some hose that is getting to be rather aged and ought to be replaced by new.

Hoping for the continuance of absence of fires in the year to come and thanking the members for what they have done the past year, we are

Respectfully,

F. M. SARGENT, Chief.

A. T. YOUNG, 1st Asst.

C. Q. MUZZEY, 2nd Asst.

A. A. YOUNG,

J. F. EASTMAN,

A. W. RUSSELL,

M. O. BLOOD,

Engineers of Fire Department.

## Report of Health Officer

At the last session of the legislature an act was passed providing that the Secretary of the State Board of Health, upon the recommendation of the Selectmen in towns, should appoint a Health Officer with full power to act, and under this act your Health Officer was appointed.

All matters which have been brought to my attention have been looked after and I have no special matter to report.

A. D. FELCH, Health Officer.

## Auditor's Report

## Report of School Board

---

To begin the school year of 1915-1916 with a new Principal in the High School, with six new teachers in the district, and to establish in the High School the fourth year course, presented many problems and fears which soon vanished and we feel certain that the standard in the High School has been raised to a position in which the district might well feel proud, and the work throughout the district has been equally good and satisfactory.

We feel that the most important change that can be made for the benefit of our schools is to put the district under school supervision, which can be done at a very small expense to the district as the State pays one-half the expense.

The district is spending upwards of five thousand dollars per year for its schools, and to be continually hiring new teachers without experience, to use the present-day text books expecting the grade work in the several districts to be kept in line, and all the perplexing problems solved seems to be wasteful economy without supervision, and one who is trained for this work can accomplish more than your school board.

The article in the school warrant which calls for a vote on supervision demands your best thought, and we trust there will be a free discussion and a sane vote on this important question.

The worthless piano in the Center school has been replaced with a new one, and Miss Mary L. Cummings of Claremont was added to the teaching force, giving lessons in music in the several rooms and has also been a valuable assistant to all the teachers.

At Wendell the shed has been enlarged and connected with the school building, and separate closets built for the boys and girls. The same should be done at South Sunapee and at the Collins district. Aside from these improvements, there will not be much needed for repairs. In the high school laboratory a few student chairs will be required.

The High School meets the demand of the district and should be continued. While there are but four in the graduating class, some of whom would not have had the benefit of a high school education were it not for the school, there are seven from Sunapee attending school elsewhere whose tuition the district would have to pay did we not provide the High School.

Respectfully submitted,

JAMES L. BROOKS,

ALBERT D. FELCH,

School Board.
